WELCOME

For 20 years now, the international Classic Expo in Salzburg has been a focal point for lovers of classic and vintage cars of all kinds; for people who appreciate quality and a congenial opportunity for car enthusiasts to meet, browse and discuss their shared passion.

Exhibitors and visitors alike benefit from the expo space available in around 10 halls and on outdoor concourses, as well as from excellent infrastructure and great connections to the public transport network. Every year, the wide range of cars, parts and services is appreciated by over 20,000 visitors from home and abroad. The sophisticated mix of premium dealers, private sellers, a well-stocked parts market, special shows and high-powered side events is what makes the Classic Expo such a popular and nostalgic gathering for the rustiest pastime in the world!

DEALERS

Some cars come from the scene's major wheeler-dealers, others are private garage treasures, but every car finds a new owner. What makes the Classic Expo so special is the spending power and intense interest of its large and varied visiting public.

PARTS MARKET

Two entire halls are completely devoted to the pleasures of a parts market – browsing, sifting, searching and finding! The well-stocked range of spares, rarities and collectors' items is just a handshake-deal away.

AUCTIONS

Auctions are spectacular event highlights that attract intense visitor and media interest! The Dorotheum is one of Europe's largest auction houses, and auctions off automobile classics worth between €5,000 and €1,000,000 at the Classic Expo 'Classic Cars' auction.

CLUBS

The love of old cars is one shared by many. Numerous classic car clubs take advantage of the Classic Expo as a platform upon which to introduce themselves, converse and acquire new members. They are the life and soul of classic car activities, filling the expo halls with a spirit of enthusiasm.
